BP Scholarships

Penn State University,

Our commitment to Penn State remains unchanged as our industry continues to evolve. Over the last several years we have financially invested in the university through a variety of activities including scholarship programming. BP remains committed to scholarship funding, though the process will change as we look to centralize and provide a consistent selection process and student experience for all recipients of BP scholarships.

Moving forward, BP Scholars will be administered through a third party, International Scholarship and Tuition Services, Inc. (ISTS). ISTS will allow students to apply and track their application status, upload necessary documents, and will manage the distribution of funds to our recipients. Below is additional information about the BP Scholars program. We welcome your support in sharing this great opportunity with your students.

What are the BP Scholarship program details?

- Applications accepted between January 15, 2016 and March 15, 2016
- Recipients will be awarded $5,000 for the 2016-2017 academic year
- Scholarships awarded on an annual basis with no automatic renewal. Students are invited to reapply in subsequent years.
- BP scholarship induction ceremony held in summer 2016 for selected recipients at BP Houston campus
