

Healthy Mom Zone Research Study Staff Parking Policy

Parking on the Penn State campus is sometimes difficult. Healthy Mom Zone research **participants** MUST be given first priority to park in the **designated research parking spaces** in the front/side of Noll Laboratory. As a result of the extremely limited parking availability, there will be absolutely **no** staff parking in the Noll parking lot.

Staff is therefore asked to park in the Nittany Lion Inn parking garage or find other parking arrangements (downtown garages or the lot across Atherton Street if after 5 p.m.). Staff members are responsible for all associated parking fees.

Please contact Abigail Pauley at 814-863-7354 with any questions or concerns.
