

Individuals who use AAC and Social Media

Volunteer for this important research study and help us learn about experiences of individuals who use AAC and are successfully using social media

We need you if you:

- ✓ Have a diagnosis of ALS
- ✓ Use some form of Augmentative Communication
- ✓ Have functional reading and writing in English
- ✓ Have access to the internet
- ✓ Independently use social media at least 3 times per week
- ✓ Are willing to participate by responding to questions online (over a 6-8 week period)
