Pres of SGA will be the sole chair. Blue light app- problems in Harrisburg w the app, Altoona purchased an app with the SFFee money, same as companion but actually was implemented faster, has maps and updates for free. Eric- is there an estimated time on when voting for the fees is? Mike- maybe at the council, but with the budget impasse, there may not be a council next month. Eric- Maybe they should push it back for voting so that people know more about what's to come. Mike- It doesn't change on what we will be paying or anything. There will still be sub committees, with two added sub committees. We could increase/ decrease our own fees. I will upload the CCSG minutes onto the website.

VIII. Old Business

- a. Drive to Strive- Got the binder today, and I posted sign in sheets in the commons and an email with the actual sign in sheets has been sent by Jackie. Please print them out and put them around for more awareness and signatures! Community members and students can sign the paper, due to the fact that it's supporting funding from the state for education! CCSG- campuses may be closing within months if there isn't funding. Although this is highly possible, it could happen if the funding isn't passed in enough time. This will be going to the state capital on April 5th. If interested in going to hand this in, let executive board know! Day of service is April 9th
- b. Vote for community service projects: Cleaning up the road- winner
- c. Wanda- April 9th is a busy day- Nerd Herd trip to NYC, bus trip to Philadelphia. Organizations and clubs that can't volunteer should contribute to day of service by contributing to service, although you'll be traveling. The trip to Philadelphia will be asked to give a children's book for back mountain head start, or personal hygiene items for domestic violence center. Just because you're on trips doesn't exclude you from the day of service. Wanda- SFFee used for capital projects (ex: our campus lion, tables and chairs outside the commons, sound system in the commons) 2013- SGA voted to do several things that money has been allocated towards. One thing was upgraded furniture in the science building, second- 2013 as well, banners on the sign posts throughout our campus "PSWB" banners. These both need to be completed: need resurrection of the just do it committee. Its old business, but I need several students to sit with me and give student input. Eric- can we table this until next week due to SFF not having it cleared.
- d. Meg- What does SFF cover? Mike- It was tabled, so I will no longer discuss it. Dash- I think she just is asking in general. (this link for more information on SFFee : <http://www.wb.psu.edu/StudentLife/Activities/activityfee.htm>)

IX. New Business

- a. Mike- Nerd Herd asked for vote to allow access for video game tournament. Greg- Why do we need to vote? Mike- I.T required that we voted, we need approval from students. Dash- What needs to happen? Brian- I heard nothing about this until just now. Meg- People came to me, Jackie put the request in, boys were playing their games& we were told we needed SGA permission. Vince- I answered that, I said you needed to get permission to get it opened. Mike- Should we table until it is resolved? Conversation tabled.
- b. Meg- Was going to bring this up to the Safety Ad Hoc, but they haven't met in over a month. If you go into the gym, the front by the basketball court has a handicapped button. By the classrooms, there's an elevator, but the front doors don't have a handicapped button, so they can't go out of the front doors. A lot of the handicapped buttons have been turned off in the buildings. There's a student that's temporarily handicapped, and I'm concerned about their mobility. Scott- I'm on the committee, I can relay the message. Mike- I'll also look more into that for you.
- c. Mike- inactive: 2/3 private ballot: Meg- I'll re-do the Just Do It committee. Mike- Café, Housing and SAAB will be unaccounted for in quorum, and will not be allowed to vote because they're under SGA, but can't be on probation. Greg- Issue with attendance, I have only missed one meeting. I will meet with Mary. Rob- No one is in engineering club, and I know the man in charge has said that to me more than once. Meg- I have a motion to move into forum. Mike- Inactive status: 23-0-2 clubs: 1- Engineering Club 2- Global Citizens Society
- d. Mike- Executive board elections as of now I have a position on CCSG council, so I will not be back for president next semester. Elections next week for next semester. Must have previous SGA involvement for president- senate for two semesters. Check the constitution.
- e. Jackie- petitions should've been in by today for elections for Monday and Tuesday, but no petitions have been handed in. We still have the treasurer position open for this semester, but please run for a SGA executive board position!
- f. Meg- Back to inactive status; voting for immediate removal for SGA constitution upon three missed meetings for clubs and senators, then they can come the next meeting for voting for reenactment.
- g. Dash- As chair of CRC, and I am willing to make constitution changes. Would you be willing to meet tomorrow to discuss possible changes?
- h. Greg- Vote to move petitions up until next week& suspend the constitution?
- i. Carmen- Being involved in SGA is a great opportunity. I will never regret my decision of getting involved in SGA.

It looks great on resumes, and a wonderful opportunity to benefit your own time here at PSWB!

- j. Mike- Moving everything back a week, motion carries.
- X. Open Forum
 - a. Motion to adjourn
- XI. Adjournment
