### PERSONAL AND CONFIDENTIAL

Regarding Case Number: 2019941801

Dear Faculty Colleagues,

I am writing to you regarding **Natahsha Gates (ngg101)**, a student in your class this semester.

Natahsha has a medical concern and may NOT attend your class in-person from 8/24/20 through 9/5/20.

To respect student privacy, I cannot release specific information about this student's situation. Depending on severity of symptoms, this student may be able to participate in virtual classes and submit assignments virtually; this will be at the discretion of the student.

This situation is challenging for Natahsha in several ways as they manage and do their best to avoid academic setbacks. Because of the situation, we are required to provide Natahsha with certain accommodations such as extra time to prepare for evaluative events and allowances for them to make up any work they may miss during the time frame indicated above.

We are hopeful to make an academic plan that supports their progress despite their necessary break in class attendance.

We will send you a reminder notification when the student can return to in-person classes.

With Appreciation,

Molly Nulty
