

CAMEO QUEEN

OPHELIA

Queen's Cameo

A cameo is a piece of jewelry, typically oval in shape, consisting of a portrait in profile carved in relief on a background of a different color. This color-in image by artist **Ophelia Chambliss** is a take on the original cameo broach, which was carved from ivory that was often taken from African elephants. This reinterpretation is of an African Queen depicted from the oval shape, face on, and a contrast to the original black and white.
