THE OPIOID EPIDEMIC
IMPACTS ON NURSING, THE COMMUNITY, AND FAMILY

The opioid epidemic is hitting Pennsylvania hard. Heroin and opioid overdose is now the leading cause of accidental death in the Commonwealth. Few of us will be untouched by this crisis, and nurses will be affected more than most. This panel of experts will present facts, testimonials, and an understanding of what to expect and how to respond.

- Lynn Thompson, RN, MS, CRNP
  Reinhardt Family Practice
