Re: 2021-22 Second Year Graduate Awards

The Graduate Student Awards Committee is pleased to announce the outcome of this year's review of applications for the Second Year Graduate Student Awards. This is an award for second year graduate students enrolled in the Chemistry PhD program and gives us an opportunity to recognize our students who have demonstrated outstanding academic and research achievements early in their graduate careers. We are pleased to note that selection of students for this award was challenging because of the strength of our second-year cohort. Please join us in congratulating these students on receipt of this award!

This year the following students will receive a monetary award from the Eberly College of Science:

STUDENT	ADVISOR	SCHOLARSHIP FUND
Jaxon Barney	Nacsa	Geiger
Heidi Busse	Freedman	Dalalian
