

# Kyra Murrell

kqm5599@psu.edu

## Biography

Kyra grew up in Milton, Florida and attended the University of West Florida where she earned a B.S. degree in Chemistry. While at UWF she did research in an analytical/environmental chemistry lab and for the company Cerex Advanced Fabrics. She likes to spend her free time hiking, playing with dogs, and being in and around the water.

## Research

Kyra joined the Dorman lab in the fall of 2015. Her research interests include the targeted discovery of contaminants in wastewater. She hopes to expand her research to include the fate and transport of these contaminants through the wastewater treatment process and to the groundwater.
