

A union is not a professional society, a support group or a social organization for individuals with shared values.

Being a member of a union has legal significance. If CGE-PSEA-NEA is voted in, you, as a student appointed to ANY graduate assistantship or traineeship, **will be legally required to be represented by the CGE-PSEA-NEA** and subject to whatever that union negotiates with the University, regardless of whether you cast a vote or how you voted.

There is no “opt out” once the union is in place.

Get the facts. Be informed. VOTE.

University Park - April 10, 11, 12, 13

Hershey - April 16

Harrisburg - April 17
