- Class lectures
- Certified Athletic Trainers
- Outside Resources – research and reference
- Safety first and last (*Start and Finish with – each SECTION*)

What is a coaching portfolio?

- A tool that provides a potential employer **insight on you as a coach and a person**
- The Portfolio should be a **direct reflection of your leadership and management philosophies** on building a quality athletic program
- The Portfolio should be a **direct reflection of you and your philosophies on ethics, sport, teaching, coaching and life**
- The Portfolio should provide a look at **how you would build your own program** If you were the head coach
- The Portfolio should contain information that **shows-demonstrates-supports your philosophies**
- The **format needs to be bold** (table of contents to start is helpful – easy to follow), **yet detailed in content.**

One last look at sport - coaching

- **The real and sad side of parents and sport**
