My Dear Mr. Eiche,

I was more than glad to receive the two AUC newspapers and the letter addressed "Dear A.U.Cers.

I had no idea that so many students had passed through those glorious portals at 10th & Lexington, and from there on to the campus to graduate. From the looks of things AUC is very well represented in the war effort. I must admit that a smile of pride stole across my face when I saw my name, along with the name of two class-mates, among such an outstanding group of A U Cers.

Army life is just fine; I like it a lot. As you have probably noticed by the envelop, I am now T/4 George Carter. (T/4 is a buck sergeant with a T under the last stripe []). I am the companie's assistant personnel clerk.

Sincerely
George Carter
