

Siemens PLM Software Strategic Student Program

Hello!

Siemens PLM Software is actively recruiting students for our **internship** positions in the areas of **Computer Science, Computer Engineering, Mechanical Engineering, and Information Systems and Technology**. We are excited to be on your campus!

At Siemens PLM Software, these opportunities allow you to find the career path that most inspires you. Just last year, more than 500 students and recent graduates were hired into opportunities across our sectors and businesses.

Here, you will apply your knowledge and education to solve real-world problems, and turn theory into practice.

The positions we're actively recruiting for at Penn State University are all posted on the Nittany Lion Career Network website.

Requisition ID Numbers:

204985
204986
201333
201336

Please visit us at one of the following upcoming events:
