Company Name	Description of Company	Position	Year	Location
<b>Lutron</b> *Premier Sponsor*	Lutron Electronics designs and manufactures energy-saving light controls and automated window treatments for residential and commercial applications. Its innovative, intuitive products can be used to control everything from a single light, to every light, shade and even stand-by power in a home or commercial building. Lutron estimates that the installed base of its products saves the nation nearly 10 billion kWh of electricity, or approximately \$1 billion in utility costs per year.	Fulltime, Co-op, Internship	Sr, Jr, So, Grad	Coopersburg, PA
<b>USPS</b> *Sponsor*	The United States Postal Service's "Management Foundations Program" is an 18 month long full time paid rotation program. After the 18 month program, the individual will be placed into a professional position outside the program. If they are meeting goals and expectations they can receive a merit and position increase after 12 months and 18 months as they leave the program. The career entry program allows a bridge from college to a full time career. It is a developmental program that allows professional growth through mentoring relationships. The program consists of a cohort of approximately 30 other individuals in business units across the organization. This allows a great way to network and learn from others similar to them. The program also provides executive support and exposure.	Full-time, Internship	GR, SR, JR, SO	Pittsburgh, PA Washington D.C. (headquarters)  and others
<b>JELD-WEN, Inc.</b> *Sponsor*	JELD-WEN is one of the world's leading manufacturers of reliable windows and doors. Our extensive product offering encompasses windows, exterior doors, interior doors and related building products that are sold globally through multiple distribution channels, including retail home centers, wholesale distributors and building products dealers.	Continuous Improvement Engineer, Manufacturing Engineer, Maintenance Engineer, plus many other manufacturing opportunities	All	45 plus locations throughout the US and additional locations internationally
<b>Precision Castparts Corp.</b> *Sponsor*	Precision Castparts Corp. (PCC) is a Berkshire Hathaway company that manufactures world-class complex metal components and products; serving the aerospace, power, and general industrial markets. PCC has more than 150 facilities worldwide, with over 100 located in the US. Numerous career paths are available within PCC as a result of our extraordinary growth and market leverage.	Full-time. Co-op, Internship Management Development Program	Sr, Jr	Various U.S. Locations
<b>Accenture</b>	Accenture is a leading global professional services company, providing a broad range of services and solutions in strategy, consulting, digital, technology and operations. Combining unmatched experience and specialized skills across more than 40 industries and all business functions— underpinned by the world's largest delivery network—Accenture works at the intersection of business and technology to help clients improve their performance and create sustainable value for their stakeholders. With more than 375,000 people serving clients in more than 120 countries, Accenture drives innovation to improve the way the world works and lives. Visit us at <a href="http://www.accenture.com">www.accenture.com</a> .	Full-time, Co-op	Sr, Jr, So	Nationwide
<b>Anheuser Busch</b>	For more than 160 years, Anheuser-Busch and its world-class brewmasters have carried on a legacy of brewing America's most-popular beers. Starting with the finest ingredients sourced from Anheuser-Busch's family of growers, every batch is crafted using the same exacting standards and time-honored traditions passed down through generations of proud Anheuser-Busch brewmasters and employees. Best known for its fine American-style lagers, Budweiser and Bud Light, the company's beers lead numerous beer segments and combined hold 46.4 percent share of the U.S. beer market. Anheuser-Busch is the U.S. arm of Anheuser-Busch InBev and operates 15 local breweries, 17 distributorships and 23 agricultural and packaging facilities across the United States, representing a capital investment of more than \$15.9 billion. Its flagship brewery remains in St. Louis, Mo., and is among the global company's largest and most technologically capable breweries. As the leading global brewer, Anheuser-Busch InBev is committed to finding innovative ways to continually improve. It's this kind of thinking that creates a unique work environment by rewarding talent, celebrating diversity and encouraging forward thinking.	Full time: Brewery Development Program  Internship and Co-op	Sr, Jr, So	Nationwide
<b>Areté Inc.</b>	Areté Inc. is a growing software and consulting firm committed to delivering elegant, effective supply chain planning solutions to a worldwide client base. For over twenty-five years, Areté has been a client-centered, solution-focused firm devoted to innovation and excellence. Areté has a sterling reputation for delivering state-of-the-art software, effective consulting services and excellent solution support. <b>St. Onge Company</b>	<p>From our inception in 1983, St. Onge Company has aspired to serve our clients' best interests by creating highly effective solutions which exceed expectations. Through our design process, we perform an intensive level of due diligence to learn our clients' needs. Site tours, detailed interviews, and data drive the models and simulations we use to develop a thorough understanding of our client's day-to-day activity from an efficiency perspective. This process validates our understanding of the client's issues and provides the foundation for developing the relationships required to create innovative solutions.</p> <p>St. Onge Company has grown steadily and developed a client list that includes many Fortune 500 companies and several world-renowned institutions. We have completed approximately 2000 assignments for over 500 clients located throughout the United States, Canada, Mexico, the United Kingdom, Europe, the Middle East, the Far East, China and South America. In 2013 we celebrated our 30th anniversary as a provider of creative excellence.</p> <p>Our past projects cover a wide variety of Institutional, Commercial and Industrial applications for clients as well as with their architecture firms. For these clients, we have developed a strong familiarity with the challenging logistics and related real-time issues associated with operations, supply chain strategies, materials management master plans, optimization, facility designs and information systems to plan, direct and coordinate the movement of materials. Some of these solutions are highly automated; all are highly effective.</p>	Full-time	Sr, Grad	PA
<b>Technomics Inc.</b>	<p>Technomics is an employee-owned consulting firm that specializes in analytics and visualization. <p><b>W. L. Gore &amp; Associates, Inc.</b></p>	<p>Gore is a technology-driven global company built on entrepreneurial innovation, integrity, and teamwork. Our diverse portfolio includes everything from high-performance fabrics and implantable medical devices to industrial manufacturing components and aerospace electronics. Through our product leadership, we've been changing lives and changing industries for more than 50 years. Our corporate culture encourages problem solving and accountability, relying on associate-to-associate communication rather than chains of command. The culture is a key factor in Gore's professional success and a large reason for our continued ranking as one of the '100 Best Companies to Work For' in the U.S.</p>	<p>Full time New Graduate hire for Manufacturing Operations / Supply Chain Management positions. Note: Gore's recruiting for 2017 summer internships begins in January 2017.</p>	<p>Sr, Grad</p>	<p>Various: Elkton, Maryland; Newark, Delaware; Landenberg, PA; Flagstaff, Arizona; and Phoenix, Arizona</p>
<p><b>Walmart Logistics Engineering</b></p>	<p>The 2017 Logistics summer internship program is designed to prepare you for a full time role within Walmart Logistics. As a Walmart Logistics Intern, you will analyze and design DC processes (material flow, transportation, etc.); demonstrate up-to-date expertise in your field and apply this to the development, execution, and improvement of action plans; execute logistics engineering projects; identify and implement initiatives to reduce operation expenses within the supply chain.</p> <p>The International Academy includes nine-month of training in the Walmart &amp; Sam's Club Home Offices in Bentonville, Arkansas and is designed to train and familiarize associates to the corporate side of retail operations. This dynamic training program will consist of classroom sessions, experience of store operations, one on one training time with a mentor experienced in the business, as well as managing subset of products that are currently selling in stores. After completion of the training portion of the leadership program, the associate will then transfer to either the China, Mexico or Japan markets to assume a position within that country's corporate organization. The time spent at Walmart &amp; Sam's Clubs corporate offices will equip the associate with a solid base of functional knowledge and practical skills that will be implemented in his/her new role in the emerging market.</p>	<p>Full-Time &amp; 2017 Summer Internships</p> <p>Logistics and international academy positions</p>	<p>Sr, Jr, So</p>	<p>Multiple Locations</p>
