

ENGINEERING SCHOOL OPENS NOVEMBER 1

The extension school of engineering to be established by State College will open the first week of November. Dean Sackett, of the engineering school, is expected here during the first week of October, to make arrangements for the opening.

The following committee has been appointed to take charge of publicity in connection with the opening and of the registration: Chairman, Harry Montz; James B. Harris, R. W. Ferrel and Walter Johns.

A committee has also been appointed to interview the school board, and to arrange for rooms for the accommodation of pupils. This committee has as its members B. F. Williams, J. P. Breiding-er and W. F. Steinhauer.
