

TIMES-LEADER, WILKES-BARRE, PA., THURSDAY EVENING, OCTOBER 19, 1916

COURSE OUTLINED BY DEAN SACKETT

STUDENTS ALSO PRESENT INSTRUCTIONS IN ENGINEERING

THE COMMITTEE IN CHARGE OF THE PLAN TO BRING TO WILKES-BARRE AN EXTENSION SCHOOL

WILKES-BARRE, PA., THURSDAY EVENING, OCTOBER 19, 1916

The committee in charge of the plan to bring to Wilkes-Barre an extension school in engineering from State College, together with a number of prospective students, met at the Board room today at a luncheon and listened to an interesting talk by Dean R. E. Sackett of the school of engineering of State College, in which he outlined the course that is to be carried on here.

The committee has been making study of the school course of the State College, Rotary Club and Chamber of Commerce members.

Dean Sackett gave a most interesting talk among other things he pointed out the fact that the State College of Pennsylvania has a number of students from this section.

The course will be a four-year course in which the student will take the usual engineering course in the first two years and in the last two years will take the course of advanced mathematics.

It is expected that the number of students attending the school will be large.

There will be a number of students from this section.

The course will be a four-year course in which the student will take the usual engineering course in the first two years and in the last two years will take the course of advanced mathematics.
