

Dr. Ping Wang
Professor Tenure-Line
Mathematics and Statistics

Title of your research project.

Applied Mathematics

Description of research. Please provide a few sentences that explain the question and the methods employed in this research project.

Heat conduction, analytical fractals

Did this project include Penn State students as researchers?

No

If yes to the above question, please state where it was published.

N/A

What problem do you address with your research?

Analytical properties of fractals. Heat conduction
