

PROJECT HORSESHOE FARM

Working together to build a stronger community, support our vulnerable neighbors, and prepare service-oriented leaders for tomorrow's communities.

What do we do?

Housing Program Our two housing programs for women provide companionship and support to help residents maintain independence, improve their quality of life, and pursue their health and other goals.

Main Street Community Center Health, wellness, and enrichment activities engage the entire community, combating isolation and lack of purpose. On-site clinical services, social support, and our Health Partner Program all help participants stay healthy and achieve their goals.

Youth Program Our summer and after-school programs provide tutoring, mentorship, and academic enrichment to more than 90 K-12 students, helping them reach their full potential.

Leadership Development: Fellowship & Internship Opportunities We offer community-based leadership development programs for top students interested in the intersection of leadership, community, and service in healthcare and education.

About Project HSF

Project Horseshoe Farm (HSF), founded in 2007, is a 501(c)3 non-profit organization based in Greensboro, Alabama that offers service and support programs to improve the health and quality of life of adults and children in our community.

HSF also offers unique education and leadership development opportunities for current undergraduates, recent college graduates, medical students, and other health professions students.

For recent graduates, our 13-month **Gap Year Fellowship** begins in June and ends in July of the following year.

Internships are open to current undergraduates in summer, fall, winter, and spring.

Application information can be found at www.projecthsf.org.
