

Call for Panel Proposals

Verge: Studies in Global Asias

Verge-sponsored Panels at the 2024 AAS and AAAS Conferences

Deadlines:

July 14 (for AAS)

August 18 (for AAAS)

gai@psu.edu

Verge will be sponsoring Global Asias panels and roundtables at the upcoming AAS and AAAS conferences. Our goal is to help generate and support work that straddles or otherwise navigates the differences and overlaps between Asian Studies, Asian American Studies, and Asian Diaspora Studies as intellectual formations and interdisciplines.

Accordingly, we are putting out a call for panel proposals for the 2024 AAS and AAAS conferences. We will select several panel or roundtable proposals to sponsor for each conference. If a proposal is selected, *Verge* will help proposers constitute panels and roundtables by advertising CFPs. Panels and roundtables accepted for the conference program will be tagged as “sponsored by *Verge*” and we will work with organizers to promote them to audiences interested in Global Asias scholarship.

The **AAS conference** is scheduled for **March 14-17, 2024, in Seattle, WA**; the **AAAS conference** is scheduled for **April 25-27, 2024 in Seattle, WA**. If you are interested in submitting a panel proposal for consideration for *Verge* sponsorship, please send a 250-word panel abstract along with a 2-page c.v. through this form (<https://bit.ly/2024panelproposals>) by the following deadlines: **July 14** (for AAS) and **August 18** (for AAAS).
