Art of the Body: Curated by Stacie Bird
—for the Art of the Body exhibit at the Art Alliance of Central Pennsylvania Downtown Gallery, June 7-30, 2019 (various artists & mediums) curated by Stacie Bird

The title: Art of the Body spurred Part 1 of this poem, while I eagerly anticipated visiting the exhibit of this title, curated by Stacie Bird for the Art Alliance of Central Pennsylvania’s Downtown Gallery in 2019. Part 2 continues a meditation on the physicality of art from the perspective of being a body among others visiting the show’s opening, where conversation and community contributed to a meta experience inspired by Stacie’s vision.
